Accessories / Profile cut adapter

Item-No.: 7179090100

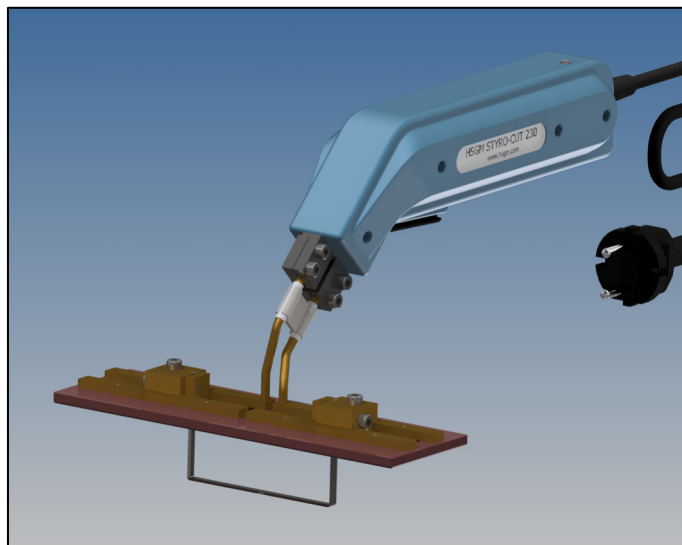

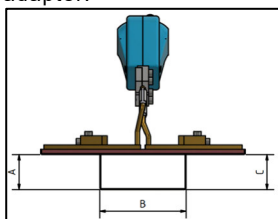

With the profile cutting adapter you can cut grooves from 20mm to 120mm wide in your material.

The shape of the groove is freely configurable; to do this, you simply have to bring the cutting strip into the desired shape with a pair of pliers.

The stop plate of the adapter ensures a clean and angular cut.

The cutting tape for the adapter can be ordered separately under article no. 7179080400.

The minimum length for the cutting tape must be at least 100mm ($A+B+C=\min. 100\text{mm}$) from the bottom of the adapter.
